

How to Link Zephyr and LeadingReach

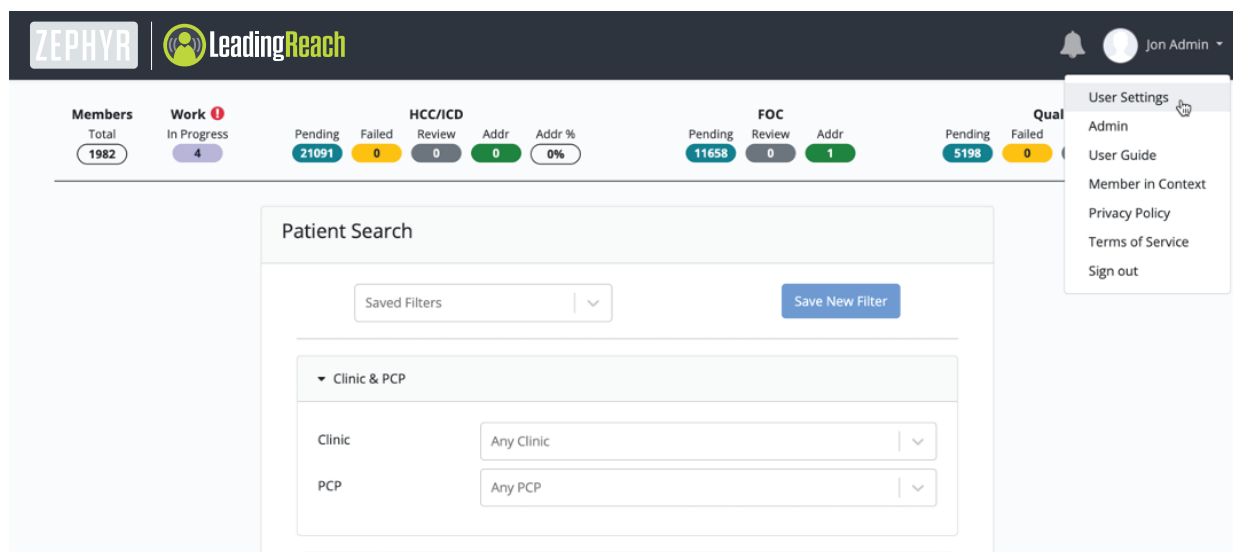

For Zephyr users, linking your Zephyr and LeadingReach profiles will allow you to log into LeadingReach from Zephyr without re-entering your credentials. This article explains how to link your user profiles.

Note: To link your Zephyr and LeadingReach user profiles, you must have a LeadingReach organization and user profile. If you don't have one yet, please visit leadingreach.com/wellmed/pcp-leadingreach-access to request it.

LINK YOUR USER PROFILES

To begin, log into the Zephyr application at zephyr.leadingreach.com

1. In Zephyr, select your username and in the dropdown option, select **User Settings**

2. Under Integrations, click **Link Account**

The screenshot shows the Zephyr user profile page. The top navigation bar includes the ZEPHYR logo and the LeadingReach logo. The user's name, Jon Kilbourn, is visible in the top right corner. The main content area is divided into several sections: Login Information, Basic Information, 2-Step Verification, Settings, and Integrations. The Integrations section is highlighted with a yellow border, and the 'Link Account' button is also highlighted with a yellow border.

3. A new window will open for you to sign into your LeadingReach account. Here, enter your LeadingReach credentials and click **Sign In**

The screenshot shows the LeadingReach Sign In page. The page features the LeadingReach logo and the tagline 'DELIVERING HEALTHCARE HAPPINESS'. The Sign In form includes a text input field for the email address (jon+orgadmin@leadingreach.com), a password input field (masked with dots), a green SIGN IN button, and a checkbox for 'Keep me signed in'. A 'Forgot password?' link is located at the bottom right of the form.

Note: This step will be skipped if you're logged in to LeadingReach when you click **Link Account** in Zephyr.

4. Once signed into LeadingReach, you will be directed to the **User Settings** page. Click **Link Account** to integrate your Zephyr and LeadingReach accounts

Note: To unlink your accounts, click **Update Link** on the **User Settings** page in Zephyr and then follow the prompts to unlink your account.
