

WELCOME TO OUR CARE COMMUNITY...

Dear Community Partners and Colleagues,

Pediatrica is purpose-driven to provide children and their families with **equitable access** to **quality pediatric care**, building a foundation for a lifetime of optimal health and wellness.

More than just a slogan, our Next Generation CareSM model is a standout in pediatric primary care - wellness that reaches beyond sick days and well checks. It's complete care from preventative visits and chronic disease management to behavioral health and more. It's accepting Medicaid and supporting all socio-economic communities. It's equipping our teams with technology and resources to deliver an exceptional care experience. It's being active beyond our office walls to foster healthy communities, including alongside thoughtful partners like you.

Better together...

With this in mind, we are excited to announce that Pediatrica Health Group is joining the LeadingReach Network to improve the efficiency and effectiveness of our referral processes and to leverage their many benefits, including:

LeadingReach

- Real-time status updates and referral confirmations
- Closed-loop appointment confirmations
- Digital referral information delivered to patients
- HIPAA-secure chat, team messaging, and file transfers
- The ability to eliminate faxing and unnecessary phone calls
- Accountable transitions of care with improved patient experience

Our goal is to remove barriers to care for our patient families whenever possible. LeadingReach helps us do just that by making timely connections for patient referrals. If you don't already have a LeadingReach account, we invite you to join us here: leadingreach.com/pediatrica.

Thanks for being our partner in delivering exceptional care!

Pediatrica Health Group
